Nguyen Huy Nghia

JAVA BACKEND

Dob: 15/01/2004
Gender: Male
Phone: 0862283038
Email: nghiafl04@gmail.com
Website: https://github.com/nghiafl1
Address: Hai Phong, Viet Nam

OBJECTIVE

Equipped with a solid foundation in algorithmic thinking, data structures, and Java programming, I am eager to apply my technical skills to real-world projects as a Java Developer. Under the mentorship of the team, my goal is to quickly master backend development processes, apply best coding practices to contribute tangible value to the company, and continuously improve my logical problem-solving abilities to transition into a full-time Java Developer.

EDUCATION

2022 - 2026

Vietnam Maritime University

Information Technology

Graduated with an Excellent degree, GPA: 3.5/4.0

SKILLS

Back-end	Java core, Spring Boot, Spring MVC, JPA, Spring Data JPA, JWT, Design pattern, MySQL, Git, GitHub.
Front-end	HTML/CSS, Javascript, Bootstrap 4, JSP, JQuery, Ajax.
Data structure and Algorithm	Good programming techniques and algorithmic knowledge.
English	Good reading comprehension of English technical documentation.
